

Gulf of Mexico Alliance Environmental Education Network

Listsrv: <http://www.disl.org/mailman/listinfo/gomaeen>

Welcome to the Gulf of Mexico Alliance Environmental Education Network Listserv sponsored by the Dauphin Island Sea Lab. This service is the first step of a larger effort to connect environmental educators around the Gulf of Mexico. All are welcome to utilize the service. Once a permanent website is established, the listserv will be moved to that site

Rules for the GOMA EEN listserv:

1. The service is for circulating information such workshops, job postings, funding opportunities, informational pieces, news items, curriculum, announcements, resource availability, and similar pieces related to formal and informal environmental education.
2. The service can be used to ask other members questions or solicit help. Please ask members to respond to your personal email address – which should be contained within your message – so that the entire network is not part of your discussion.
3. Please be courteous. No political discussions, advertisements or off topic information.
4. To send a message through the list simply email gomaeen@disl.org.

Members to the listserv will be initially approved by a moderator. Once approved, you can use the listserv freely. Large files attached to messages may also need approval. Any domain/email address sending inappropriate material through the listserv may be banned.

Questions regarding the listserv can be sent to lyokel@disl.org.
